Dear Parent / Carer,

I am writing to confirm the arrangements for Home Learning for our students. We have been working hard to prepare work for students to continue their learning at a distance. Today we have provided those who have requested it, a pack of work in hard copy and for those with access to IT facilities, we have created a facility to email students directly and upload work to our Wolfreton SharePoint.

Below are the details for the individual student email addresses and attached is a document with guidance on setting up Office 365.

Student Email

We have created student emails for all young people to allow us to communicate with them directly. **Emails have been created on Office 365.** It is important that students only communicate with staff using these email addresses and not a personal email.

The email addresses and passwords below can be used once this is set up.

Student email address: [Their school username]@student.wolfreton.co.uk

username@student.wolfreton.co.uk

Student email password: Their school password

We will look to provide anyone without internet or email access with paper copies of work. We have asked students to let us know this today.

If your son / daughter has been absent today and paper work is required. Please contact enquiries to let us know.

Students have all been emailed today a link to our SharePoint where they can find their year group and each subject with work to complete. In addition, there is a grid which outlines the work set.

In addition, students have previously been provided with a Sam Learning account and I am attaching a guidance sheet for this to support you to make use of this resource.

For our students in Year 7, 8 and 9 we have also provided workbooks of Learning Beyond the Classroom tasks along with Science packs as a starting point and Hegarty Maths will continue to be used by the Maths department as this is already in place from the usual homework.

Please bear with us as we address any technical issues and continue to update work in SharePoint. We have created a homelearning@wolfreton.co.uk for you to contact with any questions regarding learning and we will endeavour to respond promptly to this.

Thank you for your patience and support in these difficult times.

Yours faithfully

Rachel Appleyard
Deputy Headteacher
