## **Appendix 1: Insurance Statement**

The importance of Public Liability Insurance to any organisation or person hiring our facilities is that their insurers undertake to protect them against their legal liability to pay compensation for death, bodily injury or disease to third parties or loss of or damage to the property.

The school carries its own liability insurance but this cannot deal with claims for injury to third parties or loss of or damage to their property caused by the organiser, team or any individual hiring our facilities.

The organisation, team or individual hiring our facilities must therefore arrange their own insurance. In this respect as clearly stated in the general terms and conditions (17.3), the limit of indemnity under their Public Liability Policy **must not be less than £2million.**

For commercial hire the school requires organisations / companies to have employee liability insurance which will need to be provided at the time of booking.
