

8 June 2017

Dear Parent

I am writing to you to inform you of a serious incident at Wolfreton School and Sixth Form College today.

The school received a hoax 'bomb threat' from an anonymous source. Consequently following agreed protocol, the school buildings were fully evacuated and all students, staff and visitors safely accounted for.

After advice from Humberside Police the decision was made to send all students home. The school will be open to all students on Friday 9 June as usual.

I would like to praise the actions of the students and staff who left the building in a calm and orderly manner and for their patience whilst we ensured the building was safe.

Thank you for your co-operation and support.

Yours sincerely

D A McCready  
Headteacher
