

Curriculum Overview – Business and Enterprise **Wolfreton**

SCHOOL AND SIXTH FORM COLLEGE

Introduction

This document outlines **the curriculum and key** considerations including:

- Aims and purpose
- Alignment with the whole school provision and curriculum intent
- A summary programme of study which includes sequencing of taught content

We use the National Curriculum as our statutory foundation and broadly share its principles and aims including:

- 'To provide students with an introduction to the essential knowledge that they need to be educated citizens. To introduce students to the best that has been thought and said and help engender an appreciation of human creativity and achievement'.
- To prepare students to be confident in themselves, to have a fulfilled and successful life beyond our school – one where they contribute positively to society.
- Our statutory curriculum is just one element in the education of every child. There is time and space in the school day and in each week, term, and year to range beyond statutory specifications.
- Provision of a framework of core knowledge around which teachers can develop exciting and stimulating lessons to promote the development of students' knowledge, understanding and skills as part of the wider school curriculum.
- The wider school curriculum includes an extensive range of opportunities and activities that are routinely available to students, are inclusive and reflect our diverse community.

Numeracy and literacy

Teachers should take opportunities to develop students' mathematical fluency, spoken language, reading, writing and vocabulary within their specific discipline and in line with the expectations laid out in our school curriculum statement.

Purpose of study

This is designed for pupils who thrive on hands-on learning and enjoy engaging with practical, real-world examples. Designed to complement core GCSE subjects, this qualification is well-suited for students looking to develop a strong foundation in business principles alongside their other studies. It is particularly beneficial for those with an interest in further study or a future career in management, marketing, business, entrepreneurship or related fields.

Wolfreton Curriculum Intent

Our VCert Business and Enterprise curriculum is underpinned by our Intent statement:

Link learning to earning

Developing a dynamic understanding of business and enterprise and its impacts on your world.

Curriculum Aims

The Wolfreton curriculum for Business aims to ensure that all students:

- Develop into commercially aware individuals by understanding core concepts (aims, objectives, finance, marketing, HR, operations)
- apply knowledge to real-world scenarios, thinking critically, solving problems, and using data to make justified business decisions, preparing them for further study and careers.
- Use and interpret both quantitative (numbers) and qualitative (descriptive) data for informed decisions.
- Develop critical thinking skills by investigating issues, construct arguments, and make justified judgments.

Building on prior learning

KS3 may briefly touch on business concepts, but not in-depth.

- **Missing Knowledge:**
- What a business is and its purpose
- Types of business ownership (sole trader, partnership, limited companies)
- Entrepreneurial skills and characteristics
- Basic financial terminology (revenue, costs, profit)
- What enterprise means in a business context
- What an entrepreneur does
- Risk vs reward in business
- Understanding cash flow and why it's important
- Difference between cash and profit
- Budgets and break-even analysis
- How businesses identify customer needs
- Importance of customer feedback
- The 4Ps of marketing (Product, Price, Place, Promotion)
- Brand awareness and advertising methods
- Digital marketing basics
- Components of a simple business plan
- SWOT analysis
- Health and safety in business
- Data protection (GDPR)

- Ethical sourcing and sustainability

Curriculum Structure

At Wolfreton, we design our curriculum to develop students' ... from Year 7 to Year 13. These concepts are interwoven throughout our Key Stage 3 and Key Stage 4 schemes of learning and provide students with a **framework to make synoptic links** between the different topics they encounter.

Key Concepts

Content Area	Subject Content	Skills
	<ul style="list-style-type: none"> • Understand entrepreneurship, business organisation & the importance of stakeholders. • Understand market research, market types and orientation types. • Human resource requirements for business and enterprise. • Operations management • Business growth • Sources of enterprise funding and business finance • The impact of the external environment on business and enterprise • Business and enterprise planning 	<ul style="list-style-type: none"> • Adapting their own ideas and responding to feedback <ul style="list-style-type: none"> • How to consider cost efficiency and effective use of resources • Analysing data and making calculations • Decision making • Planning • Evaluating their own work • Skills that are essential for the business sector, such as evaluation skills, responding to data, independent working, working to deadlines, efficient use of resources

Vocabulary

Having a rich, ambitious, broad vocabulary is vital for students to succeed, both in school and throughout their lives.

Tier 1 vocabulary is the simplest. These are the words we use in everyday conversation, such as “put”, “get”, “walk”, etc. On the other side of the spectrum, Tier 3 vocabulary is the subject-specific vocabulary of a particular discipline. These are words that aren’t used outside of the context of a specific subject, or have a different meaning in one subject versus another. In the middle of these two tiers is Tier 2 vocabulary. Tier 2 vocabulary are challenging, ambitious words that don’t usually crop up in day-to-day conversation. These are the words that allow us to access academic texts, such as high-level literature, newspaper articles and exam papers.

At Wolfreton, Tier 3 and Tier 2 vocabulary is explicitly taught across our school curriculum. The Tier 3 vocabulary is indicated for each topic in the curriculum sequencing below. The following Tier 2 words are developed and used throughout our [subject] curriculum.

Tier 2 VCert Business and Enterprise vocabulary, developed throughout Key Stage 4:

Curriculum Sequencing

Key Stage 4: Year 10 – Long Term Planning VCert Business and Enterprise
